

Affinity

Of all the walk-in baths in the UK, the Affinity leads the way in simplicity and price.

Featuring thermostatic anti-scald taps, a slip-resistant base and low step-in threshold, this easy access bath puts your safety first.

This is not just any bath with a door. The Affinity's specially designed, watertight hinge allows it to open inwards so you can get in and out with ease.

Add in the fact that it's one of our many baths with seats, has dual wastes and a hydrotherapy spa option we have just one recommendation – step in, sit down and enjoy!
