

## Ambiance

The Ambiance tub style walk in bath has an exceptionally wide, outward-opening door with low bath step. This gives users ample space to safely step into and out of the bath.

Once you're in you'll see that safety doesn't stop at the door. The Ambiance comes fully equipped with a slip-resistant base, contoured backrest, armrests and a seat, making it much more than just a walk-in bath with a door.

The Affinity's space-saving footprint also makes it a great choice for smaller bathrooms.

### Dimensions

H: 860-975mm, L: 990mm, W: 760mm

### Water Capacity

- 260 Litres unoccupied
