

Aventis

To help create the top-of-the-line disabled bathroom, look no further than the Aventis. This full-length walk-in bath features a solid seat with good back support for easy and enjoyable bathing. The Aventis bath with optional in-built powered seat lift provides people with limited mobility the ultimate independent bathing experience.

The Aventis can easily fit within your existing bathroom and suits many people's needs.

This bath features a slam shut door that opens internally to help save space.

The Aventis can be supplied with either left hand or right hand door entry to suit your needs and bathroom configuration.

For those needing a little more support, a powered seat lift can also be supplied allowing a smooth transfer with minimal exertion.
