

Cambridge

The Cambridge is a great full-length bath. It comes with a powered seat that makes getting up and down, and into and out of the bath a breeze.

The solid GRP lifting seat has simple push button controls, complemented by a battery backup, so you're covered in the event of a power failure. And with a 26 stone (165kg) safe carrying limit and battery back-up, you can stop worrying about getting into and out of your bath and just enjoy it instead.

The easy access door opens inwards in left or right-hand options to accommodate the layout of your bathroom and a choice of 1500mm and 1700mm makes this bath one that's easy to say yes to.

Dimensions

H: 568mm, L: 1500mm or 1675mm,
W: 700mm

Water Capacity

- 1500mm: 210 Litres unoccupied
- 1675mm: 220 Litres unoccupied
